

USC Ginsburg Institute for Biomedical Therapeutics Research Award Request for Proposals 2019-2020 Academic Year

The USC Dr. Allen and Charlotte Ginsburg Institute for Biomedical Therapeutics is providing funding to support stem cell-based research in the field of vision science. We invite innovative proposals for research to generate data that will have a profound impact towards the development of novel stem cell-based therapies for eye diseases.

Applicaton

1. Eligibility

- Students who are committed full-time for at least one year to conduct the research proposed.
- Students must be working under the supervision of an established faculty within the field of vision research.
- The proposed work may range from basic, translational or clinical research.
- Project proposals may be in collaboration between two or more investigators.

2. Deadline for Submission

- Monday, April 1, 2019 at 5 PM PST

3. Award Selection

- All proposal submissions will be peer-reviewed by a panel of experts in the field of vision and stem cell research.

4. Award

- Once approved, the proposals will be awarded beginning July 1, 2019 and will be supported for one year. Only one award will be given each year.

5. Application Format

- The application format must be prepared using Arial 11 point font and 0.5 inch margins. Application submissions must be submitted as a PDF file entitled USCGinsburgIBT2019Lastname.Firstname.
- **Application Submissions Must Include**
 - **Project Title**
 - **Principal Investigator**
 - Name
 - Title
 - University and Department Affiliation

- Email Address
- Campus Address
- Phone
